Realize the dream of your home in the Dolomites!

Centrally located and at the same time quietly in the picturesque Dolomite resort of Sesto, we propose a new construction Casaclima A that combines Tyrolean tradition with modern comfort. In this new project, wood and glass are synonymous with well-being and light, but also with warmth and scenery. The quality finishes, as well as the internal subdivision are still customizable.

Agreemented apartment on the ground floor: bright three-room apartment composed of a beautiful living area, two double bedrooms, a bathroom and a toilet, a useful entrance area, as well as a private outdoor space consisting of terrace and garden.

A cellar is included in the price. A parking space in the garage can be purchased separately.

The property is urbanistically agreed for residents or people with an employment contract in South Tyrol!
