Part of a house in a top area in Brunico

In a historic building just a short walk from the center of Brunico, we offer a partially renovated apartment on the 1st floor in a tri-family, free on all four sides, consisting of a living room, kitchen, 3 bedrooms, bathroom, and balcony. There is a bike cellar and a large outdoor parking lot owned by the property. The building will be renovated externally with complete repainting and balcony renovation at the expense of the property. The apartment, however, needs a modernization intervention. The property is urbanistically free and is therefore also suitable as a holiday home.
